VOLUME CVII.—NO. 129.

ALEXANDRIA, VA., TUESDAY EVENING, MAY 29, 1906.

PRICE 2 CENTS.

A Heavy Load to Carry.

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and its products assimilated by the system. The blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not fed on good, red blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not head work, nor over physical exertion that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicinal roots without a particle of alcohol or dangerous habit-forming drugs.

A little book of extracts, from prominent medical authorities extolling every ingredient contained in Dr. Pierce's Golden Medical Discovery will be mailed free to any address on request by postal card or letter. Address Dr. R. V. Pierce, Buffalo, N. Y.

Years of active practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense, both in time and money, to perfect his own peculiar processes for rendering them both efficient and safe for use, alternative and rebuilding agents.

The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of its ingredients. The publication of the names of the ingredients on the wrapper of every bottle sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an unknown or secret remedy. It is not a patent medicine nor a secret one either. This fact puts it in a class all by itself, bearing as it does upon every bottle wrapper the badge of Honesty, in the full list of its ingredients.

The "Golden Medical Discovery" cures, weak stomach, indigestion, or dyspepsia, torpid liver and biliousness, ulceration of stomach and bowels and all morbid affections no matter what parts or organs may be affected with it. Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up 40 years ago. They regulate and invigorate stomach, liver and bowels. Much imitated but never equaled. Sugar-coated and easy to take as candy. One to three a dose.

Sullivan's Last Victory.

In the longest battle of his most remarkable career, John L. Sullivan, "champion of champions," a man whose name and fame are perhaps more intimately known to the great masses of the American people than that of any other living American, has won a signal victory. He has knocked out John Barleycorn after a fight lasting 29 years.

"I entered the ring with King Alcohol more than 29 years ago," said the mighty Sullivan, "and I won a final victory 15 months ago. This I regard as my greatest achievement, however much my claims to being remembered are connected with putting my fellow-men to sleep, after the fashion of champion fighters. I do not inveigh against whisky in itself or saloonkeepers. I know thousands of good saloon men; many of my warmest friends are in the business; but it is no business for me. I tried it several times, and I despise it above everything on earth. I wouldn't take a saloon as a present, not even if its receipts were \$100 an hour. I was never successful as a saloon man. I could never refuse a man liquor if he asked for it and had no money, and I couldn't sell him liquor when he was drunk and didn't know what he was doing. I was a poor entertainer, for I was always disgusted with the sad, the unfortunate part of it. Mind you, I'm not delivering a temperance lecture. It is my firm belief that every man will have his fling at life. If I had 20 boys of lively dispositions I would counsel them to keep their heads, but I'd let them 'go it' for a while. Then I'd take the reins and bring them up with some advice. Now that I have control of myself I can take a philosophical view of things. The drinking man does not enjoy life. All the things of life that are really worth while he overlooks entirely. I do not speak of the man who takes a social glass or the honest workman who takes his mug of beer. I mean alcohol's slave, the man who has reached that point in inebriety where he can appreciate no good thing without first priming with whisky."

Color Line Among Presbyterians.

The color line was sharply drawn and the negro question came squarely to the surface for the first time in the Presbyterian Assembly at Des Moines Saturday. The committee on church policy submitted a report recommending the erection of a synod in Alabama to include the presbyteries of Birmingham, Levee and Rogersville, to be known as the synod of Chattanooga. The presbyteries are now included in the synod of Tennessee. The other presbyteries in the synod are French Broad, Holston, and Kingston. The presbyteries of Birmingham, Levee and Rogersville are composed of negro churches. The others are composed of white churches.

trial for the murder of his rival suitor, Maurice Francis, of Roanoke. This is the third death in the Richards family in the past two weeks, the mother and brother of John Richards having died of pneumonia a fortnight ago. At their funeral Prof. James Richards prayed that he might follow them and have his earthly troubles ended. A sister of John Richards has been ill of pneumonia, but is better. John Richards himself has been prostrated by the afflictions. The three deceased members of the Richards family were the principal witnesses for the defense in the trials of John Richards. But one witness, now ill, remains by whom the prisoner has relied upon to prove an alibi.

A Year of Blood.

The year 1905 will long be remembered in the home of F. N. Tackett, of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tackett's lungs that death seemed very near. He laments: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for Sore Throat, Coughs and Colds, at E. S. Leadbeater & Sons' drug store. Price 50c and \$1.00. Trial bottle free.

Wife Buys Bargain; He Shoots Himself.

This is too much; this is the last straw," wildly shrieked Fred Bundy, as he fled from his home grasping a revolver, with which he shot himself a few moments later. Mrs. Bundy had come home from a bargain sale at a clothing factory with a skirt for which she paid \$1.27. She was excited and happy, and she told Bundy what a fine bargain she got. He flew into a rage, and, without stopping to look at the skirt, he rushed to his room, snatched up the pistol and ran out of the front door. Mrs. Bundy's screams attracted neighbors, and they found her husband in the woodshed. A doctor said Bundy would not die, and that excitable person apologized to his better half for alarming her. He even examined the skirt, which he declared was certainly worth the money. Smiling behind her tears, Mrs. Bundy forgave him.

Third Member of the Family Dead.

Prof. James Richards, of Floyd county, died at his home Sunday night of pneumonia, aged 49 years. He had been a school teacher for 30 years. He was the father of John Richards, the young University of Virginia medical student and former public school teacher, in Floyd county jail awaiting his third

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not clouded at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Grand Block, Butte, Mont., was engaged in less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal growth of hair. Sold by leading druggists. Stamps for sample to The Detroit, Mich.
